

Cyndee Cotton

Notes – Info provided by her loving caregiver, Dee Slason.

There was no formal obituary for Cyndee, but her caregiver, Dee, called me and I talked to her on January 3, 2016. She wanted me to know that Cyndee died on September 22, 2007 after being diagnosed with malignant lung cancer that spread throughout her body. She was cremated and her ashes were spread in the Chattahoochee River in Cleveland, Georgia.

Dee said she grew to love Cyndee and misses her every day. Cyndee was a very kind and fun loving person who is still missed by those she touched and who knew her. When Cyndee came to our 40th reunion in 2005, she kidded me by saying repeatedly that she was bringing Kid Rock to our reunion. She did bring a friend who looked a great deal like the singer. She was a great kidder. Cyndee is missed.
